“Your Premier Supplier for Sheet Extrusion”

At GEM Plastics, we know that a clean kitchen is a safe kitchen for you and your family. Studies show that the average kitchen harbors more germs than ANY other room in the house, including the bathroom.* That’s where GEM Plastics can help

GEM Cutting Board® is our high grade HDPE sheet perfect for use in food preparation areas. **GEM Cutting Board®** is naturally defensive to germs and bacteria preventing hundreds of possible contaminants from spreading.

GEM Cutting Board® is also available with **GEMGuard®**, our anti-microbial additive which has proven to reduce bacterial contamination by a staggering 99.3%.

GEM Cutting Board® is used for cutting surfaces of all types: cutting boards, kitchen islands (pictured above), filet boards cutting blocks, and much more.

Make it safe...GEM Safe!

- ✓ Anti-microbial Protection
- ✓ Post Consumer Options
- ✓ Consistent, Durable Sheet
- ✓ Doesn't Dull Knives
- ✓ Reduces Odor Formation
